This year's newsletter focuses on the terroristic actions of the Israeli authorities and links it to current discourses on terrorism.

Inside, we look at the [second annual Islamophobia Awards](#) , as well as other events across the year, including IHRC's support of the anti-war protests and movement. The newsletter gives updates on the newly launched [British Muslims Expectations of the Government](#) series, as well as the solidarity work IHRC has undertaken relating to Palestine, including its report on [House Demolitions and other atrocities](#)

The newsletter looks at the rise of Islamophobia in the UK and Europe, as well as matters relating to discriminatory policing. Key issues include the war on human rights by the USA administration as well as in the UK, as well as Muslim Profiling. IHRC's briefings and reports took on the project of [Hijab and Democracy](#) looking at the various bans and discriminatory policies sweeping Europe on the issue.

VOLUME 5 - RAMADAN 1425 / OCTOBER 2004

THESE CHILDREN ARE VICTIMS OF TERRORISM. WILL YOU CONDEMN THE TERRORISTS?

Children in Baluch religious camps, Pakistan, that have been closed by Israeli army, September 2004.

Right to life and freedom of religion are among the most basic and sacred rights of every human being. Yet, in the name of Allah, the Quran, the Prophet, and the Holy Spirit, thousands of innocent children are being killed, maimed, and displaced. These children are the victims of terrorism, and their parents are the victims of terrorism. The Islamic Human Rights Commission (IHRC) has been monitoring the situation in Baluch religious camps in Pakistan, which have been closed by the Israeli army. The children in these camps are being held in military-style clothing and are being subjected to various forms of abuse and discrimination. The IHRC has been demanding that the Israeli government and the international community take action to protect these children and their families. We are calling on you to join us in our efforts to bring attention to this issue and to demand that the Israeli government and the international community take action to protect these children and their families.

In the name of Allah, the Quran, the Prophet, and the Holy Spirit.

THE AIMS OF THE ISLAMIC HUMAN RIGHTS COMMISSION ARE:

- To champion the rights and duties revealed by human beings.
- To promote a new social and international order, based on truth, justice, righteousness and generosity, rather than selfish interests.
- To demand virtue and oppose wrongdoing in the exercise of power (from whatever base the power derives - e.g. political, judicial, media, economic, military, personal, etc.).
- To gather information about, and to publicise, atrocities, oppression, discrimination, and other abuses of divinely-granted rights.
- To campaign for redress, and to support the victims of such wrongs.
- To campaign to bring the perpetrators and their accomplices to justice.
- To cooperate with other groups and individuals where such cooperation is likely to further the achievement
