

Life

Bang, Bang, sounds of the bomb explosions,
Every second a breath is taken,
Our brothers and sisters, fighting for what they believe in,
Side by side, we shall return, as true believers,
The signs are showing, this life is going,
They day has come,
Where kufar's, see us Muslims as nonexistence,
To Destroy and finish us,
We shall come together,
Where we shall not surrender,
Fight for what we believe in, our Deen,
To achieve and complete the life we live in
