### Online Giving to Jewish Charities

#### UK Toremnet: Supporting the Causes that You Believe In

**Jonny Cline, founder of UK Toremnet, explains how the Jewish Charity Guide website DONATE buttons work and how UKT helps donors manage their philanthropy. For further information contact him at [jonnyc@uktoremnet.org.uk](mailto:jonnyc@uktoremnet.org.uk) – [www.UKToremnet.org.uk](http://www.UKToremnet.org.uk)**

Many of the advertisers and Israeli charities featured in this guide can now receive online donations through the partnership between UK Toremnet and the Jewish Charity Guide. Our website offers an online giving portal for nearly 200 UK, Israeli and international Jewish charities. Donors can research advertisers and donate online with just a few clicks at [www.jewishcharityguide.co.uk](http://www.jewishcharityguide.co.uk)

**By December 2014, over 60 charity advertisers in the Jewish Charity Guide had received more than £17,000 in donations from online visitors, based on 1100 'hits' per week.**

UK Toremnet CEO Jonny Cline explains: 'We are proud to partner with the long-established and highly respected Jewish Charity Guide to facilitate philanthropy among individual donors, companies, giving circles, and their financial and legal representatives. Transforming the Jewish Charity Guide website into an online giving portal has made it easier for people to donate, and encourages the younger generation of donors, who are more comfortable donating online, to discover and support the charities of their choice. In particular, UK Toremnet makes it easier to gift money to charities outside the UK by facilitating a UK tax receipt and Gift Aid qualification.'

Alongside the Jewish Charity Guide website, UK Toremnet has its own website ([www.uktoremnet.org.uk](http://www.uktoremnet.org.uk)) listing charities (Recipient Agencies) which operate according to UK charity law guidelines, to facilitate tax-efficient online donations to good causes around the world. 'Since many philanthropic organizations in Israel and overseas do not have UK offices or bank accounts, UK Toremnet acts as their fiscal sponsor, issuing UK tax receipts and re-granting the money to their project of choice', explains Cline. 'There are many good causes with small budgets that UK donors rarely come across, which we are happy to showcase on the UKT website,' says Jonny.

As of 2013, UK Toremnet has also been offering charity account management services to individuals, companies, giving circles, and charitable trusts, including full account management facilities. A charity account can help people to allocate regular sums to charity and manage their donations online. You can arrange a monthly direct debit, make payments via credit card, or link your charity account to your Give As You Earn scheme. Donors can access and print statements listing all their donations, which can be useful for preparing annual accounts. A one-time Gift Aid Declaration and charity receipt covers all your donations and cuts down your paperwork.

A UKT Charity Account can be used to streamline your School Voluntary Payments and Charity Membership Fees, or to support anything charitable in the UK or EU or any UK Toremnet Recipient Agency. You can even recommend a charity that you wish to support and if it qualifies under UK charities law we will facilitate your

donation – unlike many charity account schemes run by individual charities, we will not limit your (legal) choices! UK Toremnet will also accept charity cheques and vouchers from other charity accounts. Many charity accounts impose restrictions on their members, so UK Toremnet can extend their donation opportunities by processing their cheque or voucher in the UK and re-granting the funds to charities outside the UK.

UK Toremnet exists to make it more convenient and tax-efficient to support the charities of your choice, in the UK and overseas. We keep our costs to a minimum – our fee is just 5% of 125% of your starting balance, so if you pay £5000 into your account and sign a Gift Aid form, we will take our fee from the Gift Aid and credit £5937.50 to your account! There are no further deductions when you make allocations to charities – they receive 100% of the amount you specify. UK Toremnet (Registered Charity No. 1140972) is a member of the Fundraising Standards Board scheme, committed to the highest standards in fundraising.

Together with the Jewish Charity Guide, UK Toremnet invites you to visit our websites to **click-start your philanthropy** and manage all your charitable giving online.

## *Jonny promotes a culture of philanthropy by creating a stronger relationship between the UK and Israel.*

(<http://spotlight.jewcer.com/contactus/>)

### **Tell us about your initiative:**

In the 3 years since processing its first donation, UK Toremnet has facilitated over \$1.5 million of new philanthropy to Israel from thousands of donors in the UK and Europe. Through the fiscal sponsorship platform we offer, Israel now has an annual summit for professionalism in the 3rd sector. This year the conference hosted by UK Toremnet in Israel will be on June 24th (more details at [Amuta21C](http://amuta21c.evolvero.com/) (<http://amuta21c.evolvero.com/>)). The sponsorship platform also helped create a medical clinic for migrant Africans ([MigrantHealthIL](http://www.migranthealth.org.il/) (<http://www.migranthealth.org.il/>)), the world's largest Shabbat dinner, and more. I have learned a great deal about the culture of philanthropy in the UK and elsewhere through UKT, and as the representative in Israel of the UK's Ambassador for Philanthropy. I believe it will lead, eventually, to a revolution in Israeli philanthropy and the culture of giving – THAT is my passion! Israel, the world's #1 importer of philanthropy (over 2/3 of the funding of the whole 3rd sector from the US alone), will become a self-sufficient society that also gives to the world's needy – THAT is my dream!

### **How did you come up with your initiative?**

I founded UK Toremnet when I realized that UK donors and Israeli organisations were simply not communicating. The distance between the UK and Israel was becoming socially larger than the distance between Israel and US. The UK community was not being exposed to Israeli social issues simply because we were not marketing ourselves there, which was because we just did not know how to raise money there or work with donors there. It sounds cynical, but unfortunately I feel it is true. The breaking point for me was when I, as a Brit, was offered a donation by a friend of the family for a cause I was working for, and I simply had no channel through which to process the funds that would get him the tax relief he deserved on his gift. Apparently that was a niche that was just not serviced.

### **What was the biggest challenge you faced as a Jewish Innovator?**

The two biggest challenges are time and money – shocking, right? Unless I could choose for my parents to have been wealthier I think I would probably have done it just the same. I might have started earlier, but then I would not have had the knowledge I did. I had already married and had at least my first 2 kids by the time I started – I would definitely not have done that any different, but I could always do with a few more hours to work, and maybe to sleep. The challenges are there, but the real challenge is to make the challenges themselves irrelevant.

### **Add a question of your own and answer it.**

**Question: What resources would you have liked to have had that you have done without?**

## FEATURED CAMPAIGNS

by Daniel Meyer

Help near-empty Jerusalem restaurant during time of crisis

 Jerusalem, Jerusalem District, Israel

**179%**   **\$6,473**   **5**  
FUNDED   CONTRIBUTED   DAYS TO GO

Again, time and money. The one thing I would have very much appreciated would be a partner that shares the vision and the dedication. At the beginning I looked for someone, I offered disproportionate incentives to the partner who would complement my skill-set and who would share the journey. I have a partner for Amuta21C and that makes the whole thing worth doing over again every year (it is definitely not the money, I can promise you that!), but UKT I have done, and still do, alone.

### Who or what inspires and motivates you?

Oh, too many! I find inspiration all over – I might be looking for it, who knows. Dan Pallotta – took up so many challenges to do it the right way. Rav Grossman – a genuinely pure soul doing real dirty work. Any niche player who just knew that they would make a difference. Everyone from Maggie Thatcher and Winston Churchill, through Ayn Rand and Leon Uris to MLK, Malcolm X and Obama – politics aside. Vision and the power of belief that enabled them to see it through. Mr. Munday, head of my classics department at MGS, my Christian high school – he told me I would make my mark on the world, not the world of academia he stressed, but on the world.

### What's your favorite innovative Jewish company, organization or event?

At the moment it is [SodaStream \(http://www.sodastream.com/\)](http://www.sodastream.com/) – they took a crappy lack of innovation and made it into the coolest and most relevant niche market in the world. They are literally selling us our own tap water, but their management, under the amazing Daniel Birenbaum, gave them Israel's largest non-hi-tech IPO in recent history, a valuation of over \$10 billion! Not to mention, they got Scarlett Johansson and Ellen DeGeneres to sell it for them.

### About Jonny:

*Jonny Cline is currently the Executive Director of UNICEF Israel; the founder and director of UK Toremet Ltd, a British charity facilitating international philanthropy; and co-producer of the annual Amuta21C summit for social sector professionals in Israel.*

*Born in Manchester (UK, not NH), Jonny made Aliyah at the age of 18, served in the IDF and "studied" psychology at Bar Ilan. After a first career in organizational development in start-up's during the bubble of the 90's, Jonny moved into the public sector as spokesman for the City of Ariel, then Director of Special Projects for the Head of the Shomron Regional Authority during the terror years of 2000-04.*

*Jonny spent 2 years as senior Jewish Agency emissary to Western Canada, based in Winnipeg (yes, it is THAT cold!), from which he returned to Israel to be CEO of the World Union of Jewish Students.*

*The last almost decade in the Israeli 3rd sector have made Jonny a vocal proponent for the development of a local Israeli culture of philanthropy, a cause that led to the founding of UK Toremet, and the Israeli Association for Professional Fundraisers.*

*Jonny lives in Modiin with his wife Shlomit, and children Yishai, Adar and Yarden.*

## Want to Help Israel & Don't Know How?

With Israel fighting for its survival, you can now help victims of the current conflict with a direct donation to the charity of their choice. UK Toremnet Ltd is a UK registered charity with a secure online donation system enabling rapid and cost-effective donations to qualifying Israeli charities.

Many of the smaller and most effective charities in Israel do not have UK offices or bank accounts, so UK Toremnet acts as their fiscal sponsor, issuing UK charitable receipts to the donor, and then re-granting the funds according to your wishes.

UK Toremnet can help you to channel your donation to the most appropriate charitable organisations in Israel, including organisations that are busy providing:

- Emergency Aid for Affected Families
- Schools, Summer Camps & Children's Homes

<http://uktooremnet.org.uk/emergency-relief/>

1/3

- Emergency Response Services & Medical Treatment
- Psychological Support for Trauma Victims
- Care Packages for IDF Soldiers
- Building Shelters

Simply select the category of support when you make your donation and we will get back to you with a recommendation for charities that you might like to support.

You can also select a particular charity from our extensive list – [click here](#).

UK Toremnet Ltd (Registered Charity No. 1140972) is a member of the Fundraising Standards Board scheme, committed to the highest standards in fundraising. UK Toremnet is the processing charity behind the Jewish Charity Guide's giving portal and the UK partner of IsraelGives.org.

UK Toremnet can also process donations made via cheque, charity voucher or direct bank transfer – [see our website for details](#).
