**NEEDS YOU!**  
**JOIN THE IDF**

Join The IDF (in development) has a mission to be on the front lines recruiting for the Jewish Army and Sherut Leumi (Israel National Service). This initiative is planning to create the first ever, “Join The IDF” & “Service for Your Family, the Jewish People” posters.

When you get a young Jew to care for the Jewish People, you connect him to his People for life. Ideally, it will become normative for ever Jewish young adult in the Diaspora to come to Israel for at least a year of service before or after college by committing to Israeli National Civil Service (Sherut Leumi), or the Israeli Defense Forces (IDF). With this new program, there can be a paradigm shift in Diaspora Jewish culture, where a significant percentage of our youth have new Jewish immersion experiences, maturity and leadership skills gained from these programs. There is a worrisome trend among Jews today who see Israel as a nation for Israelis, and not as the Homeland of the Jewish People. This initiative can go a long way in reinvigorating the waning soul of Diaspora Jewry.

When the Jewish People were about to enter the Land of Israel, the Tribes of Reuven & Gad requested that they be given property on the other side of the Jordan to reside. Moshe responded that they could with the provision that they had a duty to fight in Israel before choosing to settle outside the Land. Moshe feared that these Tribes wouldn't have the merit of fulfilling the mitzvah of defending Jewish lives and Milkhemet Mitzvah because they would become too complacent while living in Chutz L'Aretz. Join The IDF would like the opportunity to present the same beautiful Torah concept that is still relevant today for all young Jews internationally.

## OUR HONOR

"Let no one ever shy away from the claim that Jews have power, that Jews have influence. We have learned the terrible lesson of history; that unless we have influence and power, disproportionate to our small numbers - immoral results will occur. We need power. And we must continue to use our power. Power which we earned, power which no one gave us on a silver platter, power which we worked hard for - use that power in the interests of justice."

- Alan Dershowitz

"Join the company of lions rather than assume the lead among foxes."

- Pirkei Avot 4:20

"Independence is never given to a people, it has to be earned; and, once earned, must be defended."

- Chaim Weizmann

"Moshe said to the children of Gad and the children of Reuven; Shall your brothers go out to war while you settle here?"

- Numbers 32:6

"Let our first care today be the re-establishment of our physical strength, the reconstruction of our national organism, so that in future, where the respect due to us cannot be won by entreaty, it may be commanded, and where it cannot be commanded, it may be enforced."

- Emma Lazarus
